TITLE 29—LABOR

Chapter IX—War Food Administrator (Agricultural Labor)

[Specific Wage Ceiling Reg. 7]

PART 1102—SALARIES AND WAGES OF AGRICULTURAL LABOR IN THE STATE OF CALIFORNIA

WORKERS ENGAGED IN PICKING CHERRIES IN DESIGNATED CALIFORNIA COUNTIES

§ 1102.7 *Wages of workers engaged in picking cherries in the counties of Sonoma, Napa, Alameda, Santa Clara, Santa Cruz, San Benito, Monterey and portions of Contra Costa and Solano counties, State of California.* Pursuant to § 4001.7 of the regulations of the Director of the Office of Economic Stabilization relating to wages and salaries issued August 28, 1943 (8 F.R. 11960, 12139, 16702) and to the regulations of the War Food Administrator issued January 20, 1944 (9 F.R. 831), entitled "Specific Wage Ceiling Regulations" and based upon relevant facts submitted by the California WFA Wage Board and obtained from other sources, it is hereby determined that:

(a) *Areas, crops, and classes of workers.* Persons engaged in picking cherries in the counties of Sonoma, Napa, Alameda, Santa Clara, Santa Cruz, San Benito, Monterey and those portions of Contra Costa and Solano counties west of the Mt. Diablo meridian, State of California, are agricultural labor as defined in § 4001.1 (l) of the regulations of the Director of the Office of Economic Stabilization issued on August 28, 1943 (8 F.R. 11960, 12139) as amended on December 9, 1943 (8 F.R. 16702).

(b) *Wage rates; maximum wage rates for picking cherries.*

1. Hourly rate—$1.00 per hour.
2. Piece rate—4¢ per lb., or the equivalent where container rates are used.

(c) *Administration.* The California WFA Wage Board located at 2181 Bancroft Way, Berkeley, California, will have charge of the administration of this order in accordance with the provisions of the specific wage ceiling regulations issued by the War Food Administrator January 20, 1944 (9 F.R. 831).

(d) *Applicability of specific wage ceiling regulations.* This specific wage ceiling regulation No. 7 shall be deemed to be a part of the specific wage ceiling regulations issued by the War Food Administrator on January 20, 1944 (9 F. R. 831) and any violation of this specific wage ceiling regulation No. 7 shall constitute a violation of such specific wage ceiling regulations.

(56 Stat. 765, 50 U.S.C. App. 961 et seq.; Pub. Law 34, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681, regulations of the Director of Economic Stabilization, 8 F.R. 11960, 12139, 16702; regulations of the War Food Administrator, 9 F.R. 655, 9 F.R. 831)

Issued this 22d day of May 1944.

PHILIP BRUTON,
Director, Office of Labor, War Food Administration.

TITLE 32—NATIONAL DEFENSE

Chapter VI—Selective Service System

[Amdt. 235]

PART 605—GENERAL ADMINISTRATION

FORWARDING REGISTRANT'S FILE TO STATE DIRECTOR

Pursuant to authority contained in the Selective Training and Service Act of 1940, as amended, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend the regulations by adding a new section to be known as § 605.32–1 to read as follows:

§ 605.32–1 *Forwarding registrant's file to State Director of Selective Service.* A local board, on written request of the State Director of Selective Service of the State in which such local board is located shall forward to such State Director of Selective Service the complete original file of any registrant under the jurisdiction of such local board.

The foregoing amendment to the Selective Service regulations shall be effective within the continental United States immediately upon the filing hereof with the Division of the Federal Register and shall be effective outside the continental limits of the United States on the 30th day after the date of filing hereof with the Division of the Federal Register.

LEWIS B. HERSHEY,
Director.

Chapter IX—War Production Board

Subchapter B—Executive Vice-Chairman

AUTHORITY: Regulations in this subchapter issued under sec. 2 (a), 54 Stat. 676, as amended by 55 Stat. 236 and 56 Stat. 176; E.O. 9024, 7 F.R. 329; E.O. 9125, 7 F.R. 2719; W.P.B. Reg. 1 as amended March 24, 1943, 8 F.R. 3666, 3696; Pri. Reg. 1 as amended May 15, 1943, 8 F.R. 6727.

PART 1075—CONSTRUCTION

[Conservation Order L–41, Interpretation 7]

USE OF INSULATION MATERIALS

The following interpretation is issued with respect to Conservation Order L–41.

Paragraph (d) (7) of Conservation Order L–41 provides that it is not necessary to get War Production Board permission under that order for "Insulating buildings" with certain materials. The exception applies only to the insulation of existing buildings. It does not apply to the use of these materials in the original construction of a building, nor does it apply to the use of materials for other purposes than insulating buildings; for example, making alterations to a building or converting the building from one purpose to another. The cost of new insulating materials used in building a new building or in making alterations to an old building or converting an old building from one use to another must be included in the cost of the job.

For example, if rigid insulating material is used for partitions to make a new room, the cost of the insulating material must be in-

cluded in the cost of the job, as this use of insulating material is not insulating a building. If an existing building is being converted from a store to a frozen food locker plant, the cost of the insulation materials installed must be included as part of the cost of conversion, as these materials are being used to convert a store to a locker plant, not to insulate a store.

Issued this 23d day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

[F. R. Doc. 44-7362; Filed, May 23, 1944; 11:16 a. m.]

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 6, Schedule A]

CONSTRUCTION LIMITATIONS

§ 3175.6a *Schedule A of CMP Regulation 6*—(a) *Principles governing wartime construction.* The principles governing war-time construction are defined in the Directive for War-Time Construction, dated May 20, 1942. The War Production Board and the Army-Navy Munitions Board interpret these principles as limiting all construction to a design of the simplest type consistent with structural stability and sufficient only to meet the immediate minimum functional requirements.

The guiding principle should always be to utilize those materials which are most plentiful and which, in the ultimate analysis, will cause the least interference with the production of combat matériel and the utilization of transportation and power.

(b) *What these construction limitations do.* These construction limitations apply to construction authorized on Form GA-1456. They do not apply to any other kind of construction. Construction authorized on Form GA-1456 must be performed in accordance with the provisions of Appendix I and Appendix II (which are part of this schedule) unless a waiver is granted on the authorization.

These construction limitations restrict the use of the materials and equipment listed, including materials to be incorporated in products where the materials are purchased through a fabricator or supplier by using the assigned allotment symbol or preference rating. They do not apply to:

The use of used materials except where specifically restricted.

The use by manufacturers of materials directly allocated to manufacturers for incorporation into "B" products (as defined in CMP Reg. 1).

The use of materials incorporated in "A" products of the kind required to be listed in section III of Form WPB-617 (manufacturing, processing or service equipment).

(c) *Amendments to construction limitations.* The construction limitations may be amended from time to time. A builder who has received an authorization on Form GA-1456, subject to Schedule A of CMP Regulation 6 (these construction limitations), may perform the authorized construction in accordance with any amendment to Schedule A issued after his authorization.

(d) *Exceptions.* If any exceptions to the restrictions are required, the exceptions must be stated and justified in the application for authority to acquire or construct facilities (WPB-617). Authorization will be made on Form GA-1456 or GA-1456A.

(e) *Structural design.* All construction using more than 5 tons of structural steel or more than 5 tons of reinforcing steel (including mesh) or any stress grade lumber shall be designed in accordance with the applicable provisions of the War Production Board Directive No. 8 "National Emergency Specifications for the Design, Fabrication and Erection of Structural Steel for Buildings" as amended, and/or Directive No. 9 "Design of Reinforced Concrete Buildings" as amended, and/or Directive No. 29 "Design, Fabrication and Erection of Stress Grade Lumber and its Fastenings for Buildings" as amended. If any waiver of the provisions of the above directives is required, the reasons for requesting such waiver must be stated in the application.

Issued this 23d day of May 1944.

WAR PRODUCTION BOARD,
By J. JOSEPH WHELAN,
Recording Secretary.

APPENDIX I—RESTRICTIONS

A. *Structural steel.*

Construction requiring the use of structural steel should not be employed when masonry or plain or reinforced concrete using forms as called for under K-3 below can be used.

1. Junior beams may not be used.

B. *Steel plates.*

1. Plates may not be used except for:
a. Closed pressure tanks.
b. Structural connections.
c. Column bases and bearing plates.
d. Where necessary for connections and reinforcing when used for repair and strengthening of bridges.

C. *Steel sheet and strip.*

1. The use of steel sheet and strip, plain or formed, is prohibited except for the following:
a. Evacuation tubes, superimposed upon fans, not exceeding 30 feet in height.

2. The use of the following manufactured items (purchased as such) when made from sheet or strip is prohibited:

Bins
Bookstacks
Bridge Splash Guards
Culverts
Concrete Pile Casings
Corner, door and column guards
Flooring
Joists
Portable Buildings
Roofing and Siding
Shower Stalls
Scuppers
Smoke Stacks
Termite Shields heavier than No. 24 U. S. gauge
Trench Covers
Ventilation and heating ducts except for transitions, fittings, connections, and changes in direction, and for straight runs where metal is required by applicable building codes

D. *Railroad track and craneways.*

1. Except for operating railroads, the following are prohibited:
a. New rails over 60 pounds per yard.
b. New metal ties and tie plates.
c. Used tie plates, except for rails weighing 60 pounds or less per yard, and turnouts, crossovers, curves of more than 4 degrees, and bridge track of any weight.

E. *Hardware.*

1. The use of checking floor hinges and hydraulic door closers is prohibited except as follows:
a. Where self-closing function is required by applicable fire regulations.
b. For exterior entrance and exterior exit doors of public and industrial buildings.
c. Where essential in hospitals except for patients rooms.

F. *Metal lath.*

1. The use of metal plastering base and accessories is prohibited for exterior use, except as permitted in paragraph 3 below.

2. The use of metal plastering base and accessories is prohibited for interior use except:
a. Cornerite, stripite, corner bead and flush base screed
b. In hospitals, detention, asylum and sch- -l buildings
(1) Under wood joists subject to fire hazard (as defined by applicable building codes), and under bar or concrete joists, and where furred ceilings are required
(2) For resistance to earthquakes where required by applicable codes
(3) For chases, pipe furring and wood stairways
(4) Where Portland cement plaster is used as a functional requirement

3. The restrictions in 1 and 2 above do not restrict the use of (1) combination form and reinforcement for cast-in-place slabs (2) woven or welded steel wire, cloth, fabric or netting without paper or other backing for exterior stucco base.

G. *Aluminum.*

1. The use of aluminum in construction is prohibited except:
a. For electric bus bars, bare electrical conductors, and current carrying accessories for conductors
b. Where essential for processing

2. The use of more aluminum or aluminum of a better grade than is necessary for the proper operation of an article or part is prohibited.

3. The use of paint containing aluminum pigment or aluminum composition is prohibited except for:
a. Sealing of bituminous coated surfaces
b. Interior use in industrial plants and for industrial equipment, where excessive moisture, fumes or temperature prevail
c. Surfaces in the interior of dairies, milk bottling plants, and food processing plants
d. Outdoor storage tanks used for petroleum products and volatile chemicals

H. *Copper and copper-base alloys.*

The use of copper and copper-base alloys (new or used) is prohibited for the following:

1. Pipe or tubing including fittings except:
a. Where essential for processing
b. Solder nipples or ferrules

2. Building materials, whether fabricated or unfabricated, as follows:

Access panels
Anchors and dowels
Cornices
Drip pans
Fences and gates
Cooling towers, except for current carrying parts and bearings and worm gears for speed reducers and heat exchangers
Decorative metal work
Flashings and flashing valley lining
Gravel stops and snow guards
Grilles, grids and gratings
Gutters, leaders, downspouts, sheet metal expansion joints and accessories thereto
Lightning rods, cables and accessories
Louvers and marquees
Mouldings and trim
Nails, bolts, screws, nuts, rivets, washers and expansion shields
Ornamental metal work
Partitions
Railings

Reglets
Radiators, shields and covers
Roofs, roofing and other roofing items
Sheet, roll, strip and rod for construction
Sinks and drain boards
Stair treads, nosing and edgings
Store fronts
Strip for laying linoleum
Terrazzo strip
Termite shields
Thresholds and saddles
Tie rods
Ventilators and skylights
Vents
Weatherstripping and insulation
Window frames and sills

I. *Tin.* The use of tin and tin products is prohibited except as follows:

1. Solder:

a. Not over 38% tin in solder for wiping water service pipe, connecting the piping of a structure with the outside water main

b. Not over 32½% tin in solder for wiping the joints of lead sheathed cable where watertight connections are necessary

c. Solder for electrical connections may be used only to the extent that solderless connectors, not containing copper or copper-base alloys, will not serve

d. Not over 30% tin in solder for fabrication or repair of galvanized sheet metal work

e. Not over 21% tin in solder for other uses

2. Roofing—but only tin plate for repair purposes.

3. Fuses, fuse plugs, and sprinkler head fuses.

J. *Zinc.* 1. The use of zinc and zinc products is prohibited except for:

a. Protective coating
b. Weatherstripping
c. Fuse and fuse plugs
d. Grids in floor of hospital operating and operating service rooms

K. *Lumber and lumber products.* Construction requiring the use of lumber 2" nominal thickness or less for framing of walls, floors, partitions, ceilings, and roofs should not be employed where other types of construction can be used.

1. Where lumber 2" nominal thickness, less than 8" nominal width and lumber less than 2" nominal thickness must be used, it shall only be obtained from cutting local wood lots or from resawing or ripping sizes larger than 2" x 6" specifically for the project. (This restriction does not apply when the total amount of such lumber required is less than 2.5 MBM)

2. The use of lumber is prohibited for the following:

a. Sheathing of walls and roofs
b. Facing of partitions and ceilings
c. Siding
d. Fencing
e. Sub-floors

3. Forms for concrete construction are restricted to the use of metal forms, used lumber, reusable forms (including traveling), and water resistant plywood (see 7 below). To the extent that these types of forms are not available, lumber in any size may be used provided that lumber 2" nominal thickness, less than 8" nominal width, and lumber less than 2" nominal thickness is obtained from cutting local wood lots or from resawing or ripping sizes larger than 2" x 6" specifically for the project. (This restriction does not apply when the total amount of such lumber required is less than 2.5 MBM).

4. The use of common grades of any kind of wood is prohibited for mill work and trim.

5. The use of end grain block flooring other than Douglas Fir is prohibited except for repair and maintenance of existing floors of this type.

6. The use of Hardboard is prohibited.

7. The use of softwood plywood is prohibited except highly water resistant type when used for concrete forms (maximum reuse).

The salvage of all reusable lumber, not specifically incorporated in a structure, is mandatory and its destruction is prohibited. Such lumber shall be made immediately available for reuse.

L. *Plumbing and heating.* 1. The use of pipe of weights heavier than required to meet maximum working pressure at the site is prohibited.

2. The use of metal sewer pipe outside the building is prohibited except for:

a. Vents
b. Within 5 feet of the building
c. Cast iron pressure mains

3. The use of valves over 2" size with brass or bronze bodies is prohibited.

4. The use of condensate and vacuum pumps is prohibited except that a single pump is permitted on any heating system where the condensate cannot return to the boiler by gravity or when the design of the heating system requires that a high vacuum must be maintained.

M. *Mechanical ventilation.* 1. The use of mechanical ventilation is prohibited except for:

a. Areas without natural ventilation
b. Hospital spaces
c. Spaces where industrial processes make its use mandatory.
d. Interior toilet rooms and kitchens where gravity ventilation will not suffice

2. Ventilation systems for winter operation in locations as outlined above shall be of the re-circulatory type, with quantity of make-up and exhaust air reduced to the minimum required to meet health requirements.

N. *Electrical work.* 1. The use of electrical wire and cable in sizes larger than the minimum size permitted by the 1940 National Electrical Code as amended is prohibited.

2. The use of rigid metallic conduit is prohibited except for the minimum sizes permitted by the 1940 National Electrical Code as amended and then only:

a. In any size when the installation is in a hazardous location as defined by the 1940 National Electrical Code, Classes 1 to 4 inclusive.

b. In sizes over 2".

(1) For safety purposes as protection against mechanical injury.

(2) In wet locations as defined in Article 100 of the 1940 National Electrical Code.

(3) Where electrical conductors are to be enclosed within concrete or masonry.

c. In sizes 2" and under to suspend an industrial lighting fixture.

3. The use of electrical metallic tubing is prohibited except for the minimum sizes permitted by the 1940 National Electrical Code as amended and then only:

a. For safety purpose as protection against mechanical injury.

b. Where electrical conductors are to be enclosed within concrete or masonry.

c. When run in elevator hoistways for elevator power, control and signal wiring.

d. In wet locations as defined in Article 100 of the 1940 National Electrical Code.

e. To suspend an industrial lighting fixture.

4. The use of flexible metallic conduit or tubing is prohibited except for the minimum sizes permitted by the 1940 National Electrical Code as amended and then only:

a. To provide a flexible enclosure for:

(1) Electric wire or cable which is a component part of a machine.

(2) Electric wire or cable extending less than twelve (12) feet from electrical systems to current consuming devices or control equipment.

5. Armored cable (BX cable) may be used only for:

a. Uses permitted for flexible metallic conduit in Item N-4.

b. Remodeling and conversion of fireproof structures.

c. Control systems in connection with boilers.

6. Exterior lighting is prohibited except when mounted on buildings.

o. *Standby and emergency equipment.* Standby and emergency equipment is prohibited.

APPENDIX II

LIST OF EQUIPMENT REQUIRING SPECIAL AUTHORIZATION, INCLUDING EQUIPMENT REQUIRING SEPARATE APPLICATION FORMS

(All items on this list required for the project must be listed in Form WPB-617 in section III and those items which are to be purchased must be justified under section I, "Exceptions to the Construction Limitations" except where a separate WPB form is indicated.)

PART 3175—REGULATIONS APPLICABLE TO THE CONTROLLED MATERIALS PLAN

[CMP Reg. 6, Direction 1, as Amended May 23, 1944]

SPECIAL PROCEDURE FOR GA 1456 AUTHORIZATION

The following direction is issued pursuant to CMP Regulation 6.

(a) *What this direction does.* (1) GA 1456 is the form used in authorizing agricultural, commercial and industrial construction and all other kinds of construction except as indicated in paragraph (a) (2) below, and in giving priorities assistance needed in connection with the construction authorized. The form is also used in granting priorities assistance needed for construction work of the kind mentioned even though no authorization to do construction is needed. This direction tells how to buy controlled materials and other products and materials needed to carry on the construction work described in the form.

(2) This direction does not apply to a person doing construction work which has been authorized or rated on forms other than GA 1456. Other forms are used for housing (except farm houses, and hotels which use a GA 1456); for certain kinds of construction carried on by the Army and Navy; for water, gas, steam heating, electric power, telephone and telegraph facilities for use by the public; for petroleum facilities; and for certain other specialized kinds of construction which are provided for under blanket orders of the WPB or by special authorization forms. CMP Regulation No. 6 and other directions to that regulation tell how construction of the kinds mentioned in this sub-paragraph (a) (2) is handled under the Controlled Materials Plan.

(b) *Applications and authorizations.* An application for an authorization on Form GA–1456 should be made on Form WPB–617. An application to amend an authorization on Form GA–1456 should also be made on Form WPB–617. If the application is approved, Form GA–1456 will be issued assigning the allotment symbol F–6 and an appropriate preference rating which may be used to order all products, machinery, equipment, and material needed to complete the project, except as provided by the next paragraph.

(c) *Limitation on the use of the allotment symbol and preference rating.* The allotment symbol and preference rating assigned on Form GA–1456 may only be used to order materials and equipment needed to complete the project in accordance with the terms of the authorization. Furthermore, the symbol and rating may only be used to order those items of machinery and equipment of the kind that must be listed in Section III of Form WPB–617 which have been approved under the terms of the authorization on Form GA–1456. The applicant must construct in accordance with the construction limitations contained in Schedule A of CMP Regulation No. 6. The symbol and rating may not be used to purchase any material which the applicant is forbidden to use in construction by Schedule A of CMP Regulation No. 6. Certain exceptions to and special authorizations under the Schedule A may be obtained as explained in the next paragraph. If Schedule A is amended after the builder receives his GA–1456 authorization, he may construct according to either the amended schedule or the schedule in effect at the time his GA–1456 authorization was issued.

(c–1) *Authorization of prohibited material and equipment.* Schedule A of CMP Regulation No. 6 lists certain materials and equipment which may not be used in construction. If the applicant needs to use any of these materials or equipment in the construction covered by the application, he should ask for permission to use them, listing them separately as provided in the instructions on Application Form WPB–617. Appendix II of Schedule A lists certain types of equipment for which an additional special application must generally be made to the War Production Board in order to get it for a project. If the applicant needs to get any of this specially listed equipment for a project, and if Appendix II indicates that no special application form needs to be used, he may apply for permission to get this equipment on Form WPB–617, as directed by the instructions to that form. However, if Appendix II of the Construction Limitations indicates that a supplemental application must be filed to get the equipment, the applicant must file such supplemental application and must get his authorization under that application.

The War Production Board may authorize the applicant to get and use material and equipment on Schedule A, or equipment on Appendix II of Schedule A for which a special application is not required, by specific authorization on Form GA–1456. If it does so, the applicant may get and use the material or equipment without further special authorization, notwithstanding the provisions of any other order of the War Production Board which requires authorization on a special form or letter. In order that the supplier will know that a delivery of a prohibited material or of equipment listed in Appendix II of Schedule A is permitted under this direction, the person getting an authorization for the material or equipment on Form GA–1456 should add to the standard certification in Priorities Regulation No. 7 the following: "Delivery approved on Form GA–1456 under Direction 1 to CMP Regulation No. 6."

(d) *How to order materials.* (1) The allotment symbol may be used to order controlled materials and Class A products by:

(i) The applicant;

(ii) By manufacturers of Class A products or Class A components of Class A products to be incorporated in the project;

(iii) By contractors and sub-contractors doing all or any part of the construction work.

The applicant must not use the allotment symbol or give others the right to use it before he has received a GA 1456 authorization. A manufacturer, contractor or subcontractor must not use it, or give others the right to use it, unless he has received a statement in substantially the following form endorsed on the order or contract by the person placing it, signed manually or in the way explained in Priorities Regulation 7:

Serial Number ------ (identifying project). You are authorized to use the allotment symbol F–6 to order controlled materials and Class A products needed to fill this order or contract.

It is not necessary to show the quantities of controlled materials in this statement. Its use shall constitute a representation by the person signing it to the person with whom the order or contract is placed, and to the War Production Board, subject to the penalties of section 35A of the United States Criminal Code, that he has the right to authorize the person with whom the order or contract is placed to use the allotment symbol to fill the order or contract. The standard form described in Priorities Regulation 7 cannot be used instead of the above statement.

(2) The preference rating may be used to order all materials other than controlled materials. If an applicant, contractor or subcontractor orders a Class A product the certificate described in Priorities Regulation 7 must be used in addition to the statement set forth in paragraph (d) (1) above. If a contractor or sub-contractor needs a preference rating to buy materials the rating may be given him by use of the certificate set forth in Priorities Regulation 7. In using the rating to buy all products and materials other than controlled materials or Class A products the certificate in Priorities Regulation 7 must be used and the allotment symbol F–6 must be used along with the preference rating for purposes of identification.

(3) Each person using the allotment symbol or preference rating must maintain at his regular place of business, for a period of two years, records of the right to use the symbol or preference rating, records, kept by serial number identifying the project, of the amount of materials ordered with the allotment symbol or rating and records showing that the materials so ordered were used for the purpose for which the right to use the symbol or rating was granted.

(4) The use of the allotment symbol F–6 will not be limited to any particular month or quarter and, therefore, no quarterly identification need be shown when using it. Authorized controlled material orders must, however, show the month in which delivery is requested. The allotment symbol may not be used in placing authorized controlled material orders after the expiration date of the project but delivery after such date may be specified on orders placed before then.

(5) The allotment symbol and preference rating must not be used to order materials in greater quantities, or on earlier dates, then needed for the construction. It may be used not only to order materials needed for the construction but also to replace in inventory materials used for the construction. Attention is called to CMP Regulation No. 2 which places a restriction on inventories of controlled materials which must be complied with.

(6) A person who has the right under this direction to use an allotment symbol in ordering controlled materials must endorse the symbol on his order and the form of certification set out in CMP Regulation No. 7, signed manually or in the way explained in Priorities Regulation No. 7. An order so endorsed is an authorized controlled material order (i) if it is a "delivery order" as defined in paragraph (b) (9) of CMP Regulation No. 6, (ii) if it is in sufficient detail to permit entry on mill schedules and (iii) if, when placed with a controlled materials producer, it is received at such time in advance as is specified in Schedule III of CMP Regulation No. 1, or at such later time as the controlled ma-

terials producer may find it practicable to accept the same.

(e) This direction shall become effective on February 15, 1944.

Issued this 23d day of May 1944.

Recording Secretary.

PART 3281—PULP AND PAPER

[Order M-377]

WASTE PAPER

§ 3281.86 *Order M-377*—(a) *Purpose.* The purpose of this order is to set up machinery by which the War Production Board may direct the delivery of waste paper at OPA ceiling prices to consumers who do not have enough for their essential needs.

(b) *Applications for special directions.* Any person who needs waste paper in the form of No. 1 mixed paper, No. 1 news, or old corrugated containers, for use in essential manufacturing or conversion operations and whose plant is in danger of shutting down because he does not have enough, may apply to the War Production Board for a special direction allocating waste paper to him. His application should be in duplicate addressed to the War Production Board, Ref: M-377, Washington 25, D. C., and should state facts showing:

(1) The brief description of important orders that will be delayed if the waste paper is not received.

(2) That the applicant has made all reasonable efforts to get waste paper at the ceiling price from all reasonably available sources, including those which may involve extra shipping costs.

(3) The applicant's present inventory of the grade or grades of waste paper for which he is requesting a special direction, expressed both in tons and days' consumption at the current rate of operation.

(4) That the quantity requested represents minimum needs to meet his authorized production schedules.

(c) *Issuance of special directions.* On receipt of an application the War Production Board may direct any supplier of waste paper in the forms mentioned above to make deliveries to the applicant at OPA ceiling prices and may direct the applicant to accept delivery from the supplier named. Such directions must be complied with, notwithstanding trade practices, customary markets for waste paper, or the terms of any contract or other commitment.

(d) *Definition.* For purposes of this order and directions issued under it, the terms "No. 1 mixed paper", "No. 1 news", and "old corrugated containers" have the same meaning as in Office of Price Administration Order No. MPR-30, as amended from time to time.

(e) *Reports.* Suppliers and consumers of waste paper must file such reports with the War Production Board as it may prescribe from time to time. The reporting requirements of this order have been approved by the Bureau of the Budget under the Federal Reports Act of 1942.

(f) *Violations.* Any person who wilfully violates any provision of this order or of a direction issued under it, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable War Production Board regulations, as amended from time to time.

Issued this 23d day of May 1944.

PART 3284 [1]—BUILDING MATERIALS

[Supplementary Limitation Order L-59-b, as Amended May 23, 1944]

METAL PLASTERING BASES AND METAL PLASTERING ACCESSORIES

Section 3284.11 [1] *Supplementary Limitation Order L-59-b* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials entering into the production of metal plastering bases and metal plastering accessories for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3284.11 *Supplementary Limitation Order L-59-b*—(a) *Definitions.* For the purpose of this order:

(1) "Metal plastering base" means any of the following items of the types commonly used as bases for the application of interior or exterior plaster or stucco, or as a combination form and reinforcement for cast-in-place concrete or gypsum floor or roof slabs;

(i) Expanded, ribbed and sheet metal lath, and expanded stucco mesh, with or without paper or other backing; and

(ii) Woven or welded steel wire lath, cloth, fabric or stucco mesh, with paper or other backing.

(2) "Metal plastering accessory" means any article (other than a metal plastering base, a nail, clip, or any device for holding non-metallic plastering bases) which is of a type commonly used as a guide, support, reinforcement or means of attachment for metal plastering bases, and which is made in whole or in part of metal, including, but not limited to, the following: cornerite, stripite, corner beads, corner bead clips, base screed, concealed picture molding, floor and ceiling tracks and studs for plastered partitions, and steel plastering shapes such as cold rolled channels.

(b) *Restrictions on manufacture.* No person may manufacture or fabricate:

(1) Expanded lath weighing more than 3.4 pounds per square yard;

(2) Ribbed lath weighing more than 0.6 pounds per square foot;

(3) Wire stucco mesh containing more than 2 pounds of steel per square yard;

(4) Cornerite or stripite from expanded lath weighing more than 2.5 pounds per square yard, or more than 5 inches wide; or

(5) Small nose corner bead or base screed weighing more than 0.3 pound per linear foot.

(c) *Restrictions on sale and delivery.* No person may sell or deliver any new metal plastering base or metal plastering accessory, except:

(1) To fill orders bearing preference ratings of AA-5 or higher; or

(2) To fill orders in the amount of $5 or less. (No purchase order shall be subdivided for the purpose of coming within the $5 limit.)

(d) *Applicability of regulations.* This order and all transactions affected by it are subject to all applicable regulations of the War Production Board.

(e) *Appeals.* Any appeal from the provisions of this order may be filed on Form WPB-1477 (formerly PD-500) with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates. The appeal shall refer to the provision appealed from and state fully the grounds for the appeal.

(f) *Routing of correspondence.* Communications concerning this order, other than appeals, shall be addressed to the War Production Board, Building Materials Division, Washington 25, D. C., Ref.: L-59-b.

(g) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 3284—BUILDING MATERIALS

[Limitation Order L–142, as Amended May 23, 1944]

METAL DOORS, METAL DOOR FRAMES AND METAL SHUTTERS

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of iron, steel and other metals for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national war effort:

§ 3284.21 *Limitation Order L–142*—(a) *Definitions.* For the purposes of this order:

(1) "Door" means a movable closure or barrier in an opening designed to be used as a means of passage or access in a side, floor, ceiling, partition, shaft, or tower of a building.

(2) "Metal door" means any door which, exclusive of essential hardware, is made in whole or in part of metal.

(3) "Metal door frame" means any framework, jamb, buck or trim, which, exclusive of essential hardware, is made in whole or in part of metal and is designed to be used for bounding a door opening or providing a means of support for a door.

(4) "Metal shutter" means a cover which, exclusive of essential hardware, is made in whole or in part of metal, and is designed to be used as a means of closure in or over an opening constructed in a side, floor, ceiling, partition, shaft, or tower of a building.

(5) "Essential hardware" means hangers, tracks, screws, nails, rivets, bolts, wire, locks, knobs, handles and other types of metal items normally used in the manufacture, joining or installation of a wooden door, buck, trim, jamb or shutter.

(6) "Put into process" means the first change by a person manufacturing metal doors, metal door frames and metal shutters in the form of material from the form in which it is received.

(7) "Vault door" means a unit consisting of a frame or vestibule designed to be built into the masonry of a vault and in which is hung one or more fire-insulated doors equipped with hinges and a locking mechanism containing expanding bolts which are checked with a combination lock.

(b) *Restrictions.* On and after the 13th day of May, 1943, notwithstanding any contract, agreement or preference rating, no person shall manufacture, fabricate or otherwise make a metal door, metal door frame or metal shutter except:

(1) To fill an order from the Army or Navy of the United States, provided such order states such metal door, metal door frame or metal shutter is required for use in one of the following types of structures:

(i) Bombproof and splinterproof structures, or

(ii) Sea coast fortifications, or

(iii) Magazines for the storage of other than inert material, or

(iv) Ammunition loading and handling spaces, or

(v) Bomb sight storage spaces, or

(vi) Radar equipment storage spaces, or

(vii) Finance vaults in standard finance buildings and in hospital administration buildings

(viii) Narcotics vaults in hospital buildings, dispensaries and clinics.

(2) To fill an order for a hangar type door, provided such door is designed and constructed for an opening used for the passage of aircraft; or

(3) For fire protection purposes, pursuant to an order or contract bearing a preference rating of AA–5 or better, provided such metal door, metal door frame or metal shutter is manufactured:

(i) Of ferrous metal not heavier than Number 16 U. S. standard gauge.

(ii) Of any metal heavier than Number 16 U. S. standard gauge at least 85% of which metal by weight (exclusive of essential hardware) was in the possession of such person prior to September 26, 1942 and has been offered for sale through the Steel Recovery Corporation for a period of at least 60 days.

(c) *Exception from provisions of this order.* This order does not apply to the manufacture of replacement parts to repair and maintain a metal door, metal door frame or metal shutter.

(d) *Restrictions on sale and delivery of vault doors.* No vault door may be sold or delivered by a manufacturer or distributor, except:

(1) To fill an order from the Army or Navy of the United States for use in one of the types of structures listed in paragraph (b) (1), or

(2) To fill an order authorized on Form GA–1456, accompanied by the following certification (in addition to the certification in Priorities Regulation 7): "Delivery approved on Form GA–1456 under Direction 1 to CMP Regulation 6" (NOTE: Authorization on Form GA–1456 is issued for approved projects upon application on Form WPB–617.); or

NOTE: Subparagraph (3), formerly (2), redesignated May 23, 1944.

(3) Pursuant to any other order or contract which has been approved by the War Production Board, upon application made by letter addressed to: War Production Board, Building Materials Division, Washington 25, D. C., Ref. L–142. This letter should indicate the contents and essentiality of the vault, and the material and method of construction of the floors, walls and ceiling (roof) of the vault, and should state why one or two metal doors of the types permitted in paragraph (b) (3) of this order could not be used. If an Army or Navy contract is involved, serial number and other identification should be included in the letter. Filing of this letter has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) *Records.* All persons affected by this order shall keep and preserve for not less than two (2) years accurate and complete records concerning inventories, production and sales.

(f) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time request, subject to the approval of the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(g) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Appeals.* Any appeal from the provisions of this order shall be filed on Form WPB–1477 with the field office of the War Production Board for the district in which is located the plant or branch of the appellant to which the appeal relates.

(j) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Regulations of the War Production Board as amended from time to time.

(k) *Routing of correspondence.* Reports to be filed and other communications concerning this order shall be addressed to the War Production Board, Building Materials Division, Washington 25, D. C. Ref.: L–142.

Issued this 23d day of May 1944.

PART 3290—TEXTILE, CLOTHING AND LEATHER

[Conservation Order M–117, as Amended May 23, 1944]

EXTRA STAPLE COTTON

§ 3290.66 *Conservation Order M–117*—(a) *Definitions.* In this order:

(1) "Reserve cotton" means Giza 7 variety of raw cotton grading "good" or higher (according to the recognized Egyptian standards of classification) or Porto Rico Sea Island variety of raw cotton of 1⅞" or longer staple length grading No. 2 or higher (according to the official United States standards of classification).

(2) "Stitching thread" means finished thread made of reserved cotton (including single or plied yarn with a thread twist made of reserved cotton, customarily manufactured into stitching thread) for use in stitching or home sewing. It does not include crochet, embroidery or other fancy threads.

(3) "Dealer" means a person regularly engaged in the business of purchasing raw cotton for resale. It includes an exporter, importer, agent, and broker, whether or not he owns the cotton.

Restrictions

(b) *Importation.* The importation of raw cotton of 1⅛" to 1$^{21}/_{32}$", inclusive, staple length shall be according to General Imports Order M–63, as amended from time to time, and, unless approved by the War Production Board on Form WPB–1615 (formerly Form PD–644), no person shall enter through the United States Customs for consumption, or withdraw from the bonded custody of the United States Bureau of Customs (bonded warehouses) such cotton. This restriction shall not apply to samples taken under a United States Bureau of Customs Sampling permit.

(c) *Sale, delivery, processing, use.* No person shall sell, deliver, buy, receive, process or use reserved cotton, knowing or having reason to believe that it is or will be sold, delivered, processed or used other than in one of the following specifically authorized transactions:

(1) Sales or deliveries to dealers.

(2) Sales or deliveries to the Foreign Economic Administration, the Commodity Credit Corporation, any other United States Government department, agency or corporation, or an agent acting for any of them.

(3) Sales, deliveries, processing or use of reserved cotton for incorporation into products to be delivered to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(4) Sales, deliveries, processing or use of reserved cotton for stitching thread, subject to the limitations of paragraph (d) "*Stitching thread.*"

(d) *Stitching thread.* No person shall use annually, beginning January 1, 1944, more reserved cotton for stitching thread than:

(1) An amount of reserved cotton necessary to fill orders for stitching thread for incorporation into products to be delivered to or for the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

plus

(2) The same amount of reserved cotton, as defined in paragraph (a) of this amended order, as he used in 1941 for stitching thread.

Equitable Distribution

(e) *Equitable distribution.* It is the policy of the War Production Board that the cotton described in this order not required to fill rated orders shall be distributed equitably. In making such distribution due regard should be given to essential civilian needs, and there should be no discrimination in the acceptance or filling of orders as between persons who meet the seller's regularly established prices and terms of sale or payment. Under this policy every seller of such cotton, so far as practicable, should make available an equitable proportion of his merchandise to his customers periodically, without prejudice because of their size, location or relationship as affiliated outlets. It is not the intention to interfere with established channels and methods of distribution unless necessary to meet war or essential civilian needs. If voluntary observance of the policy outlined is inadequate to achieve equitable distribution, the War Production Board may issue specific directions to named concerns. A failure to comply with a specific direction shall be deemed a violation.

General Provisions

(f) *Grading.* The War Production Board may require any dealer to submit any lot of cotton for classification by the Appeal Board of Review Examiners of the United States Department of Agriculture, whose findings shall, for the purposes of this order, be final in establishing whether the cotton is reserved cotton.

NOTE: Paragraph (g) through (j), formerly (h) through (k), redesignated and former paragraph (g) deleted May 23, 1944.

(g) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Communications.* All reports required to be filed and all communications concerning this order shall, unless otherwise directed in writing, be addressed to the War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C. Reference M–117.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine and imprisonment. In addition, such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

(j) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

Issued this 23d day of May 1944.

PART 3291—CONSUMERS DURABLE GOODS

[Limitation Order L–13–a, as Amended May 22, 1944]

METAL FURNITURE AND FIXTURES

§ 3291.50 *Limitation Order L–13–a*—(a) *Definitions.* For the purposes of this order:

(1) "Manufacturer" means any person engaged in the production of metal furniture and fixtures.

(2) "Metal furniture and fixtures" includes the following: Swivel chairs containing any metal other than upholstery springs, casters and joining hardware; theatre seats; school furniture; insulated metal filing cabinets, safes; metal visible reference panels; other metal visible reference equipment; metal shelving; metal filing cabinets other than insulated filing cabinets; metal lockers, metal storage cabinets; metal desks, metal office chairs; metal office tables, including typewriter and office machine stands (except those which are integral parts of the machine which they support); metal bank vault equipment; metal safe deposit boxes; metal office counters; any other metal furniture and fixtures, including but not limited to, waste paper baskets, metal trays and wire baskets. The definition includes any furniture and fixtures whether or not specifically mentioned, containing more than 5% of metal in the net weight of the finished product other than such minimum amount of iron or steel as is essentially required for nails, nuts, bolts, screws, clasps, rivets, and other joining hardware for the construction and assembly of non-metal structural parts, and other than casters and upholstery springs. It does not include time card racks subject to L–54–c, medical and surgical furniture and related equipment as defined in L–214, Schedule III; dental equipment, laboratory furniture, metal drafting tables, metal doors, metal door frames, and metal shutters subject to Limitation Order L–142, metal household furniture subject to Limitation Order L–62, or graphic arts machinery subject to Limitation Order L–326.

(3) "Preferred order" means any contract or purchase order calling for delivery to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(b) *Restrictions on production.* No manufacturer shall produce any new item of metal furniture and fixtures, except:

(1) Wood filing cabinets containing not more than two pounds of essential operating steel hardware per drawer; wood typewriter desks containing metal typewriter mechanisms; steel seating equipment designed for use at a workbench or production machine; steel work benches where required for safety, steel foremen's desks, shop boxes, stacking boxes, tool cases, and tool room shelving inserts.

(2) To fill preferred orders (i) which state on their face that the products are for use on a steel seagoing vessel or at an advance military base outside the

48 United States and the District of Columbia; or (ii) for insulated filing cabinets, safes and metal visible reference panels, regardless of where they are to be used. A manufacturer may not produce any item to fill preferred orders under this paragraph until the preferred order is actually received by him.

(3) Such additional metal visible reference panels as can be produced out of 40% of the aggregate weight of iron and steel used by a manufacturer in the production of metal visible reference panels in the year ending June 30, 1941: *Provided*, That no new steel other than flat rolled sheets or strip less than twelve inches in width be used in such production.

(c) *Restrictions on transfer.* No manufacturer shall sell or deliver any new item of metal furniture and fixtures, except:

(1) To fill orders under paragraph (b) (1).

(2) As authorized on Form WPB-1319. This form should be filed in a field office of the War Production Board.

(d) *Reports.* On or before the tenth day following the close of each calendar month, every manufacturer of safes, insulated files, or visible reference panels, shall file with the War Production Board, Form WPB-1600, according to the instructions accompanying that form. This reporting provision has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(e) *Appeals.* Any appeal from the provisions of this order should be filed on Form WPB-1477 (formerly PD-500) with the Field Office of the War Production Board for the district in which is located the plant to which the appeal relates.

(f) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction, may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or accepting further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(g) *Communications.* All reports to be filed hereunder and all communications concerning this order except appeals, shall, unless otherwise directed, be addressed to the War Production Board, Consumers Durable Goods Division, Washington 25, D. C., Ref: L-13-a.

Issued this 22d day of May 1944.

PART 3291—CONSUMERS' DURABLE GOODS [1]

[General Limitation Order L-33, as Amended May 23, 1944

PORTABLE ELECTRIC LAMPS AND SHADES

§ 3291.120 [1] *General Limitation Order L-33*—(a) *Definitions.* For the purposes of this order:

(1) "Portable lamp" means any detachable device (excluding lamp shades and incandescent, fluorescent or electric discharge lamps or tubes covered by Limitation Order L-28), the primary function of which is to furnish light for interior illuminating purposes by means of incandescent, fluorescent or electric discharge lamps or tubes. "Portable lamp" does not include any flashlight or other battery-operated lighting device, mechanics' lamp, industrial lamp designed specifically for use in conjunction with any industrial machine, tool or assembly bench or other similar factory equipment, or any overhead suspended fixture (whether portable or not).

(2) "Socket" means any receptacle on a portable lamp designed to receive an incandescent, fluorescent or electric discharge lamp or tube.

(3) "Lamp cord" means any insulated cord used to conduct electricity to the socket on a portable lamp.

(4) "Plug" means any device attached to a lamp cord and fitting into a fixed receptacle for the purpose of transmitting electric current through the lamp cord.

(5) "Separate switch" means any one- or two-circuit switch control which operates one or more sockets.

(6) "Lamp shade" means any shade or metal reflector designed for use with a portable lamp.

(7) "Manufacturer" means any person engaged in the business of manufacturing or assembling portable lamps or lamp shades or parts for such products.

(8) "Preferred order" means any purchase order, contract or subcontract for delivery of portable lamps or lamp shades to or for the account of the Army or Navy of the United States, the United States Maritime Commission or the War Shipping Administration.

(b) *General restrictions.* (1) [Deleted May 23, 1944]

(2) On and after July 16, 1943, no manufacturer shall produce or assemble any portable lamps or parts therefor, except in fulfillment of preferred orders. This paragraph (b) (2) does not prevent the decoration of completely assembled lamps, even though the process of decoration requires their disassembly and reassembly.

(3) In fulfillment of preferred orders, on and after April 30, 1943, no manufacturer shall process any unfabricated metal for portable lamps or parts therefor containing

(i) Any iron and steel except in sockets, separate switches, plugs, lamp cords, auxiliary ballasts, starter switches, center pipes, steel wire harps, socket covers and husks, outer tubing and casings, coating and checking rings, locknuts, washers, screws and bolts; or

(ii) Any other metal except in sockets, separate switches, plugs, lamp cords, auxiliary ballasts and starter switches.

(4) The restrictions of Copper Conservation Order M-9-c shall not apply to the following items, provided that they were in the inventory of the manufacturer or his suppliers on December 10, 1942:

(i) No. 20 B and S Gauge copper conductor cords in cut lengths of not more than 11 feet.

(ii) Sockets, provided that neither the caps, shells or screw shells contain any copper or copper base alloy other than plating.

(iii) Molded plugs.

(iv) Plugs, other than molded, provided that such plugs contain no copper or copper base alloy other than in screws or in plating materials.

(5) [Deleted May 23, 1944]

(6) No manufacturer shall produce any lamp shades or parts therefor containing any silk or phenolic plastics or any metal, except that iron and steel may be used to produce wire frames. The War Production Board will make allotments of controlled materials for the production of lamp shades only to the extent that such materials are needed to produce lamp shades to fill preferred orders. The iron and steel used in producing lamp shades to produce other than preferred orders must be obtained without priority assistance. One way of obtaining such materials is described in Priorities Regulation No. 13.

(c) *Avoidance of excessive inventories.* No manufacturer shall receive for use in the manufacture of portable lamps or lamp shades any materials which he cannot use under the terms of this order or any materials which when received will give him an inventory of such materials in excess of the minimum amount necessary to maintain production as permitted by this order.

(d) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

[1] Formerly Part 1061, § 1061.1.

(e) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(f) *Reports.* Each manufacturer who produces any portable lamps or lamp shades in fulfillment of preferred orders shall file on or before the tenth day of each calendar month, beginning January 10, 1943, a report on Form WPB–1600 (formerly PD–655), showing all shipments made pursuant to such preferred orders during the preceding calendar month. Each manufacturer shall also file such other reports and answers to questionnaires as shall from time to time be required, subject to approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(h) *Appeal.* Any appeal from the provisions of this order must be made on Form WPB–1477 (formerly PD–500) and must be filed with the field office of the War Production Board of the district in which is located the plant to which the appeal relates.

(i) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the regulations of the War Production Board, as amended from time to time.

(j) [Deleted May 23, 1944]

(k) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the Consumers' Durable Goods Division, War Production Board, Washington 25, D. C., Ref.: L–33.

PART 3296—SAFETY AND TECHNICAL EQUIPMENT

[General Limitation Order L–266, as Amended May 23, 1944]

STERILIZER EQUIPMENT

The fulfillment of requirements for the defense of the United States has created a shortage in the supply for defense, for private account and for export of the materials entering into the manufacture of sterilizer equipment; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3296.91 *General Limitation Order L–266*—(a) *Definitions.* For the purposes of this order:

(1) "Sterilizer equipment" means the following types of sterilizers, as each is hereinafter defined, and includes heating elements when such elements are an integral part of such sterilizers: Pressure sterilizers, bulk pressure sterilizers, pressure water sterilizers, non-pressure water sterilizers, non-pressure instrument sterilizers, non-pressure utensil sterilizers, baby bottle pasteurizers and sterilizers, bedpan steamers, boiling type bedpan sterilizers, laboratory pressure sterilizers, bedpan washers and field sterilizers. The term shall not include used or rebuilt sterilizer equipment, nor any parts or materials for the repair or maintenance of existing sterilizer equipment, nor shall it include any pressure cooker designed for processing foods.

(2) "Pressure sterilizer" means a sterilizer having a volumetric capacity of less than 40,000 cubic inches which is designed to utilize steam under pressure in order to free articles from living pathogenic microorganisms.

(3) "Bulk pressure sterilizer" means a sterilizer having a volumetric capacity of 40,000 cubic inches or more which is designed to utilize steam under pressure in order to free articles from living pathogenic microorganisms. It may or may not include attachments for fumigating purposes.

(4) "Pressure water sterilizer" means a sterilizer which is designed to heat water to a temperature higher than 212° F. in order to free it from living pathogenic microorganisms.

(5) "Non-pressure water sterilizer" means a sterilizer which is designed to free water from living pathogenic microorganisms by means of boiling.

(6) "Non-pressure instrument sterilizer" means a sterilizer which is designed to free surgical, medical and dental instruments and similar articles from living pathogenic microorganisms by subjecting them to a boiling liquid. The term shall not include any such sterilizer which contains metal in no part other than the heating element, lid and essential hardware.

(7) "Non-pressure utensil sterilizer" means a sterilizer which is designed to free hospital or medical utensils and similar articles from living pathogenic microorganisms by subjecting them to boiling water.

(8) "Baby bottle pasteurizer and sterilizer" means equipment designed to free baby bottles from living pathogenic microorganisms and to pasteurize baby milk formulas. The term shall not include any such equipment having a capacity of twelve bottles or less.

(9) "Bedpan steamer" means a sterilizer designed to free bedpans, urinals and similar articles from living pathogenic microorganisms by subjecting them to live steam.

(10) "Boiling type bedpan sterilizer" means a sterilizer designed to free bedpans, urinals and similar articles from living pathogenic microorganisms by subjecting them to boiling water.

(11) "Laboratory pressure sterilizer" means a sterilizer which is designed to free articles from living pathogenic microorganisms by utilizing steam under pressure and which is specially designed for use in a laboratory.

(12) "Bedpan washer" means apparatus designed to wash (and, in some cases, to sterilize) bedpans, urinals, and similar articles, and which may or may not be equipped with flushing mechanism.

(13) "Field sterilizer" means any sterilizer which is designed for use in the field and which is manufactured for delivery to or for the account of (i) the Army or Navy of the United States, or (ii) any agency of the United States Government for delivery to or for the account of the government of any country pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(14) "Manufacturer" means any person engaged in the manufacturing, fabricating or assembling of sterilizer equipment.

(15) "Distributor" means any person who purchases sterilizer equipment solely for the purpose of resale without further fabrication.

(b) *Restrictions on the manufacture of sterilizer equipment.* (1) Except as provided in subparagraph (2) of this paragraph (b), no manufacturer shall manufacture or continue the manufacture of any sterilizer equipment other than the permitted sizes of the permitted types set forth in Schedule A attached to this order.

(2) Any sterilizer equipment which was in the process of fabrication on February 24, 1943, and which cannot be completely fabricated within the restrictions of Schedule A, attached to this order, may be further fabricated after said date only to the extent specifically authorized by the War Production Board. Any manufacturer requesting such specific authorization shall file a statement in duplicate with the War Production Board setting forth in detail the number of units of each type in process of fabrication on February 24, 1943, the extent of the fabrication, the amount of materials required to complete fabrication, the reasons why such units cannot be converted to the permitted types and sizes set forth in Schedule A, and any other facts supporting the request for specific authorization.

(c) *Restrictions on the use of copper and copper base alloys in the manufacture of non-pressure instrument sterilizers.* No manufacturer shall incorpo-

rate any copper or copper base alloy in the manufacture of any non-pressure instrument sterilizer (other than field sterilizers), except as follows:

(1) Brass castings (containing not more than 74% copper or 2% tin) may be used in any part;

(2) Copper or copper base alloy may be used in electrical circuits and draincocks;

(3) Copper base alloy sheet may be used in non-pressure instrument sterilizers which are 20 in. in length by 10 in. in width by 9 in. in depth or larger in size; and

(4) Copper or copper base alloy may be used in trays and tray-lifting devices.

(d) *Restrictions on the sale and delivery of sterilizer equipment.* (1) Except as provided in subparagraph (2) of this paragraph (d), no person shall sell or deliver any sterilizer equipment, except to or for the account of:

(i) The Army or Navy of the United States;

(ii) Any agency of the United States Government for delivery to or for the account of the government of any country pursuant to the Act of March 11, 1941, entitled, "An Act to Promote the Defense of the United States" (Lend-Lease Act);

(iii) Any person to whom an export license covering the specific equipment has been issued by the Foreign Economic Administration: *Provided, however,* That delivery shall not be made to any person holding an export license which was issued prior to February 24, 1943, unless such export license has been revalidated by the Foreign Economic Administration after said date;

(iv) Any person who has been authorized on Form GA-1456 to buy and accept delivery of the specific sterilizer equipment and whose purchase order bears the following certification (in addition to the certification in Priorities Regulation 7): "Delivery approved on Form GA-1456 under Direction 1 to CMP Regulation 6" (NOTE: Authorization on Form GA-1456 is issued for approved projects upon application on Form WPB-617.);

[Paragraphs (v) and (vi) formerly (iv) and (v) redesignated May 23, 1944]

(v) Any distributor (distributors may sell or deliver only to persons to whom sale or delivery is authorized to be made by this paragraph (d) (1).); or

(vi) Any other person who has filed Form WPB-1319 and has been specifically authorized on such form by the War Production Board to receive the specific sterilizer equipment and has furnished to his supplier one copy of such form signed in the name of the War Production Board. (As a general rule, authority to receive sterilizer equipment will be granted only in cases where the equipment will receive general use and where essentiality is clearly established.)

(2) The restrictions set forth in subparagraph (1) of this paragraph (d) shall not apply to the sale or delivery of the following sterilizers, but production and shipping schedules of such sterilizers shall be listed on Form WPB-2232 (formerly Form PD-774) in accordance with the provisions of paragraph (f) of this order:

(i) Non-pressure instrument sterilizers which are not more than 16" in length by 6" in width by 4" in depth (with a permitted variation of 10 per cent from the specified dimensions) in size; or

(ii) Laboratory pressure sterilizers.

(3) No person shall purchase or accept delivery of any sterilizer equipment if he knows or has reason to believe that the delivery of such sterilizer equipment is prohibited by the terms of this order.

(e) *Applications on Form WPB-1319.* Each person seeking authorization, as permitted by paragraph (d) (1) (vi) of this order, to receive sterilizer equipment shall prepare Form WPB-1319 in accordance with the current instructions for such form. (Form WPB-1319 and instructions may be obtained at the local field offices of the War Production Board).

(f) *Production and shipping schedules and restrictions thereon.* (1) On or before the 15th day of July, 1943, and on or before the 5th day of each succeeding calendar month, each manufacturer of sterilizer equipment shall file with the War Production Board in triplicate on Form WPB 2232 (Formerly Form PD-774), his proposed production and shipping schedules of sterilizer equipment for the period required by such form. Upon receipt of such form, the War Production Board will approve the proposed production and shipping schedules or make such changes therein as it shall deem necessary, and will thereupon return to the manufacturer a copy of such form as approved or changed.

(2) In addition to the restrictions contained in paragraphs (b), (c) and (d) of this order, each manufacturer shall produce and ship sterilizer equipment in accordance with his production and shipping schedule as approved or changed by the War Production Board, regardless of any preference rating which any order may bear or any order or regulation of the War Production Board.

(g) *Other allocation action.* With respect to sterilizer equipment, the War Production Board may, notwithstanding any other order, preference rating, or regulation of the War Production Board:

(1) Direct the return or cancellation of any unfilled order on the books of a manufacturer; or

(2) Cancel orders placed with one manufacturer and direct that they be placed with another manufacturer.

(h) *Reports.* The reporting requirements in this order have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942. All persons affected by this order shall also file such other reports as may be required from time to time by the War Production Board, subject to approval by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(i) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(l) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, as amended from time to time.

(m) *Correspondence.* Reports to be filed and other communications concerning this order shall be addressed to the War Production Board, Safety and Technical Equipment Division, Washington 25, D. C., Ref: L-266.

Issued this 23d day of May 1944.

PART 1381—SOFTWOOD LUMBER

[MPR 253,[2] Amdt. 6]

REDWOOD LUMBER AND MILLWORK

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Maximum price regulation 253 is amended in the following respects:

1. In § 1381.409, paragraph (b) is amended to read as follows:

(b) On f. a. s. sales to Lend Lease Administration, British Purchasing Commission, British Air Commission, and other government agencies or their contractors, an addition of $2.75 per thousand feet board measure may be made for assembling, switching, unloading, tallying, dock insurance, and other services, not otherwise provided for in the regulation, necessary for the proper dispatch of off-shore cargo of lumber. Any demurrage charges occurring by reason of delay at the docks that is in no way the fault of the seller, shall be for the account of the buyer and may not be deducted from purchase price, unless the seller so agrees.

2. In § 1381.412, Appendix A, Tables 1 (A), (C), (D) and (E) are amended and a new Table (F) is added to read as follows:

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

CHERAW RECREATIONAL DEMONSTRATION LANDS, S. C.

TRANSFER OF ADMINISTRATION FROM NATIONAL PARK SERVICE TO FISH AND WILDLIFE SERVICE

Pursuant to the authority contained in the act of June 6, 1942 (56 Stat. 326), *It is ordered*, That, subject to existing leases, licenses, and easements, administrative jurisdiction over the following described lands within the Cheraw Recreational Demonstration Project in the County of Chesterfield, State of South Carolina, together with the improvements thereon, is hereby transferred from the National Park Service to the Fish and Wildlife Service for use by the said Fish and Wildlife Service as a fish-cultural station:

(All bearings in this description are turned from the true meridian.)

Beginning at Corner 1, common to other land of the United States (the R. A. Kerr tract) in the southeasterly right-of-way boundary, 37.5 feet distant from the center line, of U. S. Highway No. 1, 4.25 miles southwesterly of the westerly city limits of the town of Cheraw, at the northwest edge of timber and brush, now monumented by a standard concrete post No. 2; thence with 7 lines common to other land of the United States, S. 6°45′ E., 60.46 chains to Corner 2, in the southerly boundary of the Hattie S. McKay tract in the center of Juniper Creek, a point, from which a standard concrete post No. 1 set for a witness corner bears N. 6°45′ W., 0.468 chain distant; with 26 courses, with part of the south boundary of the Hattie S. 		Group I ceiling	Group II ceiling	Wholesalers' prices
52K	Men's clute cut, processed 20 ounce nap out canton flannel material palm, 8 ounce white canton flannel back, knit wrist.	$2.40	$2.62½	$2.10
52X	Men's clute cut, processed 20 ounce nap out canton flannel material palm, 8 ounce white canton flannel back, double gauntlet cuff.	2.97½	3.25	3.57½
26BTD	Men's clute cut, processed 24 ounce nap out canton flannel material palm, canton flannel back, band top.	3.20	3.50	3.85
262KP	Men's gunn cut, two thumb, 12 ounce white nap out single thickness canton flannel back and palm, 8 ounce flannel thumb patch, knit wrist.	2.22½	2.40	2.67½

(b) The maximum prices authorized in paragraph (a) are subject to the following:

(1) The instructions for manufacturers and wholesalers which preface the tables in Appendix A of RMPR 506;

(2) The provisions in section 4 (a) of RMPR 506 with respect to a manufacturer's "wholesale percentage", and the quota of deliveries which must be made at Group I prices;

(3) The marking and informational requirements of section 6 (b) of RMPR 506. In addition to these requirements, the National Mitten Works, on all deliveries of the style numbers listed in paragraph (a), made pursuant to this order, on and after May 22, 1944, must place the letter "S" following the lot number or brand name stated on the label, ticket, or other device used to mark the gloves.

(c) The definitions in RMPR 506 shall apply to this order.

(d) The National Mitten Works must furnish each of its customers, who, on or after February 9, 1944, purchased or purchases the style numbers listed in paragraph (a) for purposes of resale, a notice in the form set forth below. The National Mitten Works must also notify each such customer (other than a seller at retail) that he is required in turn to transmit to his customers a copy of the notice set forth below. The notice may be attached to the invoice or may be stamped or printed on the invoice.

This notice is sent to you as required by Order No. under section 4 (b) of Revised Maximum Price Regulation 506 issued by the Office of Price Administration. It lists ceiling prices fixed by OPA for the work glove numbers enumerated in the table below, manufactured by the National Mitten Works.

OPA has ruled that the National Mitten Works may sell these numbers at or below the prices listed in Column A below, subject to the provisions of section 4 (a) of RMPR 506 with respect to the quota of deliveries which must be made at Group I prices. Wholesalers in turn are authorized to make regular sales at wholesale of these numbers at or below the prices listed in Column B. Retailers will determine their ceiling prices on these numbers in accordance with section 2 of RMPR 506.

Style number	Column A Manufacturer's prices		Column B
	Group I ceiling	Group II ceiling	Wholesalers' prices
52K	$2.40	$2.62½	$2.90
52X	2.97½	3.25	3.57½
26BTD	3.20	3.50	3.85
262KP	2.22½	2.40	2.67½

You will note that the letter "S" follows the manufacturers' lot number or brand name. This letter indicates that these gloves have been especially priced by OPA under section 4 (b).

(e) This Order No. 1 under Revised Maximum Price Regulation 506 may be revoked or amended by the Price Administrator at any time. The authorization granted the National Mitten Works by this order for style numbers 52K, 52X, and 26BTD shall expire on July 31, 1944.

(f) On all deliveries of the work glove numbers listed in paragraph (a) since February 9, 1944 pursuant to OPA adjustable pricing authorizations, the National Mitten Works must refund to its customers any monies collected in excess of the ceiling prices authorized in this order. Within thirty days from the effective date of this order, the National Mitten Works shall send to OPA, Washington, D. C., a notification of the steps it has taken to comply with the provisions of this paragraph (f) of this order.

This order shall become effective May 22, 1944.

FIREWOOD IN RICHLAND, LEXINGTON, AND FAIRFIELD COUNTIES, S. C.

Order No. G–35 under § 1499.18 (c) of the General Maximum Price Regulation. Firewood sold in Richland, Lexington, and Fairfield Counties in the State of South Carolina.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of the Office of Price Administration by § 1499.18 (c) of the General Maximum Price Regulation and by General Order No. 32, it is hereby ordered:

(a) *Maximum prices.* On and after the effective date of this order, the maximum prices for firewood sold and delivered in the Counties of Richland, Lexington, and Fairfield, South Carolina, shall be as set forth below:

(1) Sales at retail of firewood sawed and split into pieces which may vary from twelve to eighteen inches in length: $9.00 per cord, $4.75 per ½ cord, and $2.40 per ¼ cord.

(2) Firewood of any length sold other than at retail: $6.00 per cord.

(3) The above prices include delivery to the purchaser's premises and other services incident to the sale of firewood customarily performed by the seller in March 1942.

(b) *Terms.* All credit terms, discounts, allowances, and price differentials offered by the seller during March 1942, shall be maintained.

(c) *Definitions.* When used in this order the terms:

(1) "Firewood" means any wood, other than kindling, prepared and intended for consumption as fuel.

(2) A "cord" shall contain 128 cubic feet of wood.

(3) All other terms used unless the context otherwise requires shall be construed in accordance with § 1499.20 of the General Maximum Price Regulation.

(d) *Invoices and records.* Every person making a sale of firewood for which a maximum price is set by this order shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show:

(1) The date of sale,

(2) The name and address of the buyer and seller,

(3) The quantity of firewood sold,

(4) Description of firewood sold, in the same manner as it is described in this order. (This shall include the kind of wood, i. e., hard, soft or mixed, and length of pieces of wood.)

(5) Place of sale. (If the price is dependent on place of delivery, then the place of delivery shall be stated.)

(6) The total price of the wood.

On the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered, such as delivery, carrying and stacking, and the charge made for each such service.

The seller shall keep an exact copy of such invoice or memorandum for a period of two years and such copy shall be made available for inspection by the Office of Price Administration.

(e) *Applicability of South Carolina State Office Price Order No. 1, Firewood:* This order supersedes and hereby revokes South Carolina State Office Price Order No. 1 as of the effective date of this order.

(f) This order may be revoked or amended by the Regional Administrator at any time.

NOTE: The record-keeping provision of this order has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This Order No. G–35 shall become effective May 22, 1944.

[Region I Order G–39 Under 18 (c)]

FIREWOOD IN NEW HAMPSHIRE

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region I of the Office of Price Administration by section 18 (c) of the General Maximum Price Regulation, as amended by Amendment 33; *It is hereby ordered:*

(a) For firewood sold and delivered in the State of New Hampshire the maximum prices established by § 1499.2 of the General Maximum Price Regulation are modified so that the maximum prices for firewood sold and delivered therein shall be the prices specified in paragraph (i), Appendix A, of this order.

(b) The following shall be the only units for the sale, delivery, purchase, or acceptance of firewood in the State of New Hampshire:

(1) *A cord or multiples thereof.* Firewood may be sold in units of a quarter of a cord, one-third of a cord, or one-half of a cord. Multiples of a quarter of a cord or of one-third of a cord, not herein mentioned, may not be used as units of sale.

(i) A cord of four foot firewood shall contain a standard cord.

(ii) A cord of 24-inch firewood shall contain the quantity of 24-inch wood cut from a standard cord but not less than 104 cubic feet of 24-inch wood when compactly piled.

(iii) A cord of 16-inch firewood shall contain the quantity of 16-inch wood cut from a standard cord but not less than 96 cubic feet of 16-inch wood when compactly piled.

(iv) A cord of 12-inch firewood shall contain the quantity of 12-inch wood cut from a standard cord but not less than 96 cubic feet of 12-inch wood when compactly piled.

(2) *A load.* Firewood not exceeding 16 inches in length may be measured and sold by the quarter-load or any multiple thereof. A load shall contain 80 cubic feet of such firewood thrown in loose. Firewood exceeding 16 inches in length shall not be sold by the load.

(3) *A basket.* Firewood in units of less than one quarter load and not exceeding 12 inches in length including but not limited to edgings, bobbin wood, clippings, slabwood and other wood waste, may be sold by the bushel: *Provided,* That the baskets or similar receptacles used shall be of one bushel or multiple thereof, New Hampshire standard dry measure, and shall be filled at least level full when well shaken.

(4) *A running cord.* Firewood in units of the "running cord of 12-inch wood" and of the "running cord of 16-inch wood," may be sold in Coos County only.

(c) *Evasion.* The price limitations set forth in this order shall not be evaded, either by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to firewood in the State of New Hampshire, alone or in conjunction with any commodity or by way of commission, service, transportation, or other charge or discount, premium, or other privilege, or by tying-agreement or other trade understanding or otherwise. Specifically, without limiting the generality of the foregoing, the following practices are forbidden:

(1) No seller shall require as a condition of any sale or delivery of such wood that the buyer use the services of the seller in carrying, stacking, or piling the purchased wood on the premises of the buyer.

(2) No seller shall increase prices by any charge for the extension of credit, or by any decrease in the time customarily allowed for payment.

(d) *Invoices and records.* Every person making a sale of firewood for which a maximum price is set by this order

shall give the purchaser or his agent at the time of the sale an invoice or other memorandum of sale, which shall show:

(1) The date of sale;

(2) The name and address of the buyer and seller;

(3) The quantity of firewood sold;

(4) Description of firewood sold, in the same manner as it is described in this order (This shall include the kind of wood, i. e., hard, soft or mixed, and length of pieces of wood);

(5) Place of sale (If the price is dependent on place of delivery, then the place of delivery shall be stated);

(6) The total price of the wood.

On the invoice or memorandum, a separate statement shall be made of any discounts and of each service rendered, such as delivery, carrying and stacking, and the charge made for each such service.

The seller shall keep an exact copy of such invoice or memorandum for a period of two years and such copy shall be made available for inspection by the Office of Price Administration.

(e) *Definitions.* When used in this order, the term:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or the legal successor or representative of any of the foregoing, and includes the United States, or any government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Firewood" means any wood prepared and intended for consumption as fuel.

(3) "Cordwood" means any firewood so prepared that at least 80% consists of cleft wood or merchantable body wood in the round of desirable species.

(4) "Hardwood cordwood" means cordwood cut from any deciduous tree.

(5) "Softwood cordwood" means all cordwood other than hardwood cordwood.

(6) "Fitted wood" means cordwood firewood suitable for stove use, split to buyer's order.

(7) "Slabwood" means the refuse, except sawdust and bark not adhering to the wood, from sawing any logs.

(8) "Wood waste" means edgings, bobbin wood, clippings, and any other wooden material except sawdust, shavings, "bag wood" and "slabwood," produced in the course of milling or manufacturing wood.

(9) "Standard cord" means 128 cubic feet of four-foot firewood stacked four feet high and eight feet long.

(10) "Delivered at buyer's premises, grounds only" means deposited on or at the outdoor premises designated by the buyer.

(11) "Softwood blocks" means all block clippings one and one-half inches or thicker and two inches or more in width, cut from softwood lumber. Any other "softwood blocks" shall be wood waste.

(12) "Edgings" means the round-edge parts of boards removed in the process of sawing round-edge boards into square-edge boards. "Bundled edgings" means edgings that are tied with rope, twine, wire or other similar fastening into bundles of a convenient size for handling. "Bag wood" means edgings cut into lengths of not more than 8 inches each and sold for ultimate use as kindling wood.

(13) "Running cord of 12-inch wood" means a quantity of 12-inch firewood stacked 4 feet high and 8 feet long.

(14) "Running cord of 16-inch wood" means a quantity of 16-inch firewood stacked 4 feet high and 8 feet long.

(15) "Retail yard" means any establishment where (1) firewood is customarily sold at retail, (2) an inventory is customarily maintained of not less than 10 cords of wood cut into 12-inch, 16-inch, or 24-inch lengths ready for immediate delivery to consumer-purchasers, and (3) equipment necessary for delivery of firewood is customarily maintained.

(16) Unless the context otherwise requires, the definitions set forth in section 20 of the General Maximum Price Regulation shall apply to the terms used herein.

(f) On and after its effective date, this order shall supersede New Hampshire Price Order No. 1, issued September 25, 1942, and Order No. G–1 under Supplementary Regulation 14 to the General Maximum Price Regulation which superseded said New Hampshire Price Order No. 1 on July 1, 1943, as to all sales or deliveries for which maximum prices are fixed by this order.

(g) *Petitions for amendment.* Any person seeking an amendment of any provisions of this order may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1, except that the petition shall be filed in the Boston Regional Office of the Office of Price Administration.

(h) This order may be revoked, amended, or corrected at any time.

(i) *Appendix A: Maximum prices for firewood.* The maximum prices for firewood sold or delivered in the State of New Hampshire shall be as follows: *Provided*, That for the sale of fitted wood the seller may add at the rate of one dollar and fifty cents ($1.50) per cord or at the rate of ninety cents (90¢) per load to the prices established below for wood delivered, *And further provided*, That the maximum price for a three-quarters, or sixty-cubic-feet, load shall be three-quarters of the maximum price for the full load of eighty cubic feet.

The classifications of firewood listed herein in Appendix A may be mixed but the maximum price of the mixture shall be the same as the maximum price of the lowest classification therein.
